The Global Marshall Plan

U.S. House Resolution 1078

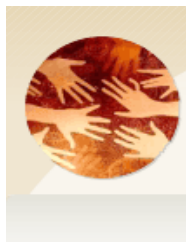

Developed by

The Network of Spiritual Progressives

www.spiritualprogressives.org

The Global Marshall Plan

The U.S. and other advanced industrial countries will dedicate 1-2% of their gross domestic product each year for the next twenty years to end once and for all domestic and global poverty,

homelessness, hunger, inadequate education, and inadequate health care, and to repair the global environment.

This will not succeed unless it has the following components:

- Restructure global trade agreements that have impoverished majorities in the poorest countries while enriching a small elite.
- Deliver funds through local and regional non-governmental bodies (NGOs) representing the poor (rigorous attention to not letting these funds fall into the hands of economic/political elites without actually getting to the people who need the help, plus use of mini-loans to jump start local village and rural economies).
- Fund with careful attention to cultural nuances, ecological sustainability, and repentance for the damage that 500 years of Western arrogance has generated, while approaching recipients in a spirit of humility and sensitivity. (A detailed version of the plan is available at www.spiritualprogressives.org)

A Better Path to Homeland Security

There can be no safety or security for anyone without safety and security for everyone, including economic security and a sense of living in a world that is fair and nurturing.

If we are to be safe we need to support the Global Marshall Plan that can begin to eliminate hunger, political oppression, economic devastation, and ecological destruction in the world.

Safety will come when the world's economically prosperous countries are perceived to be leading forces championing an ethos of global generosity and sharing of resources, ecological responsibility, and spiritual and ethical sensitivity.

IMAGINE:

It was introduced by the first Muslim Congressman in the House, Hon. Keith Ellison, and sponsored so far by: Emanuel Cleaver, John Conyers, Keith Ellison, Barney Frank, Raul Grijalva, Dennis Kucinich, Barbara Lee, Jim Moran, and Donald Payne.
